The auditor of the Fund is Ernst & Young PLT whose registered office is at Level 23A Menara Milenium, Jalan Damanlela, Pusat Bandar Damansara, 50490 Kuala Lumpur, Malaysia.

6. Fund Structure and Classes

The Fund is an open-ended standalone unit trust fund established in Malaysia and authorised by the SC.

The Fund is established with a multi-class structure with Units which may be established in different Classes. The base currency of the Fund is Malaysia Ringgit. Investors should note that the Fund is allowed to establish new Class(es) from time to time without prior consent from the Unit Holders. Under the Deed, Unit Holders of each Class have materially the same rights and obligations. Each Class may be different in terms of currency denomination, fees and charges, and hence, will have its respective NAV per Unit, denominated in its respective currency taking into account the aforementioned features. Although the Fund has multiple Classes, Unit Holders should note that the assets of the Fund are pooled for investment purposes.

Presently, the Manager intends to offer Class SGD Units of the Fund in Singapore. The Manager may offer different Classes in any other jurisdiction in which the Fund may be offered under the ASEAN CIS Framework.

Each Unit held in a Class represents an equal undivided beneficial interest in the assets of that Class. However, the Unit does not give a Unit Holder an interest in any particular part of the Class or a right to participate in the management or operation of the Fund (other than through Unit Holders' meetings).

7. Investment Objective, Focus and Approach and Benchmark

7.1 Investment objective

The investment objective of the Fund is to aim to provide investors with medium to long-term capital appreciation through investments in securities of Malaysian companies that will benefit from prevailing investment themes and that conform with Shariah principles.

7.2 Investment focus and approach

The strategy of the Fund is to invest in sectors that are related to the prevailing domestic and/or global investment themes. In identifying the investment themes, the Manager will consider prevailing and potential macroeconomic factors and trends, social and political developments as well as technological advances that may reveal specific thematic investment opportunities. The Manager may revise its outlook on the investment themes during its monthly reviews. Unit Holders will be informed of the prevailing investment themes that the Fund is focusing on via the Fund's monthly fact sheet which is available on the Manager's website at www.principal.com.my.

The Fund's sector allocation will be actively managed by the Manager who has the option to aggressively overweight preferred sectors to take advantage of their market outlook. Sector analysis is done through quantitative and qualitative approaches. In determining the sector allocation and stock selection, the Manager will focus on the following:

- identify the potential sector(s) in light of the prevailing domestic and/or global investment themes;
- study impact of the prevailing economic and political conditions;
- select particular sectors based on the growth prospects and valuation of that sector. The most promising sectors will be chosen according to their rating levels as per the sector analysis;
- invest in stocks of Malaysian companies in the chosen sectors based on the stocks' potential for appreciation relative to the outlook for that sector. However, the Manager may, at its discretion, overweight or underweight at stock level if it is beneficial to the Fund; and
- review sector and stock picks monthly. Depending on prevailing market conditions, the Manager may revise the sector allocation and maintain, add or omit certain stocks during its monthly review.

The Manager will only select securities that conform with Shariah principles and may opt to invest in these Shariah-compliant securities either directly or via Islamic CIS.

The asset allocation strategy for the Fund is as follows:

- at least 70% of the Fund's NAV will be invested in equities that conform with Shariah principles;
- up to 28% of the Fund's NAV may be invested in other permissible Shariah-compliant investments; and
- at least 2% of the Fund's NAV will be invested in Islamic liquid assets for liquidity purposes.

As part of its risk management strategy, the Fund is constructed and managed within guidelines. The Manager employs an active asset allocation strategy depending upon the equity market expectation. Where appropriate, the Manager will also employ an active trading strategy with frequency that will depend on the market conditions and the market outlook.

The Manager may lower down the equity exposure when it feels that the equity market is close to its peak in term of valuations, and/or the market condition is unfavourable. In such circumstances, the Manager may take a temporary defensive position by either (1) reducing its proportion of higher risk assets, such as Shariah-compliant equities and increasing its asset allocation to lower risk assets, such as Sukuk and Islamic liquid assets, to safeguard the investment portfolio of the Fund and/or (2) investing in Shariah-compliant stocks that have low correlation to market movements. When deemed necessary, the Manager may also utilize Islamic derivative instruments, subject to the SC Guidelines and Standards of Qualifying CIS, for the purpose of hedging. In the event of a downgrade of a counterparty of a OTC Islamic derivative below the minimum long-term rating as per the SC Guidelines and Standards of Qualifying CIS, the Manager reserves the right to deal with the OTC Islamic derivative in the best interest of the Unit Holders.

If the Fund is eligible to be invested via the EPF-MIS, investments made by the Fund will be subject to the EPF's requirements. Please note that there may be changes to the status of the eligibility of the Fund under the EPF-MIS from time to time. Please refer to the Manager's website at www.principal.com.my or www.kwsp.gov.my for updated information.

7.3 Shariah Investment Guidelines

At all times, the Fund shall invest in activities and instruments that are permissible under Shariah principles and shall not invest in activities and instruments that are prohibited under Shariah principles based on the Shariah Adviser's established parameters as described below, where applicable:

Screening process

1. For securities listed on Bursa Malaysia, the Fund shall invest in securities listed under the List of Shariah-compliant Securities by the SAC of the SC.
2. For initial public offering, the Fund shall invest in securities that are approved by SC's SAC and/or Shariah Adviser.
3. For non-Malaysian securities, the Fund shall invest in securities which are listed under the List of Shariah-compliant Securities by index providers or service providers subject to approval from Shariah Adviser.
4. For Shariah-compliant fixed income, the Fund shall invest in Malaysian's Shariah-compliant fixed income approved by SC whereas for Shariah-compliant non-Malaysian fixed income or Shariah-compliant fixed income that do not require SC approval, those must be approved by the Shariah Adviser upon review of the Shariah-compliant fixed income's offering documents and/or relevant documents of the said Shariah-compliant fixed income, e.g. Shariah pronouncement/approval of the said Shariah-compliant fixed income.
5. The Fund shall invest in Malaysia and non-Malaysia Islamic CIS.
6. Islamic Deposits shall be placed with financial institutions licensed under the Islamic Financial Services Act 2013 and/or Financial Services Act 2013 of Malaysia, whichever is appropriate. For the avoidance of doubt, only Islamic account is permitted for placement of deposit with institutions licensed under the Financial Services Act 2013 of Malaysia. The Fund is also prohibited from investing in interest-bearing deposits and recognising any interest income.

7. Islamic money market instruments issued in Malaysia must be approved by SAC of BNM and/or the SAC of the SC. Islamic money market instruments that are endorsed by any other Shariah adviser or committee must be approved by the Shariah Adviser upon review of the relevant documents e.g. principal terms and conditions and Shariah pronouncements or approvals.
8. Any other Shariah-compliant securities or Shariah-compliant instruments that are not being mentioned in items 1 to 7 above, the Fund should seek approval from Shariah Adviser pre-investment being made.

Rules on divestment of Shariah non-compliant securities

In the event the following investment instances occur in the Fund, the rules below shall be executed by the Manager or its fund management delegate:

1. "Shariah-compliant "securities" which are subsequently classified as "Shariah non-compliant"

These refer to securities which were earlier classified as Shariah-compliant but due to certain factors, such as changes in the companies' business operations and financial positions, are subsequently reclassified as Shariah non-compliant. In this regard, if on the date the securities turned Shariah non-compliant, the respective market price of Shariah non-compliant securities exceeds or is equal to the investment cost, the Fund that holds such Shariah non-compliant securities must dispose them off. Any dividends received up to the date of the announcement/review and capital gains arising from the disposal of the Shariah non-compliant securities on the date of the announcement/review can be kept by the Fund. However, any dividends received and excess capital gain from the disposal of Shariah non-compliant securities after the date of the announcement/review at a market price that is higher than the closing price on the date of the announcement/review should be channeled to baitumal and/or charitable bodies approved by the Shariah Adviser.

On the other hand, the Fund is allowed to hold its investment in the Shariah non-compliant securities if the market price of the said securities is below the Fund's investment costs. It is also permissible for the Fund to keep the dividends received during the holding period until such time when the total amount of dividends received and the market value of the Shariah non-compliant securities held equal the investment cost. At this stage, the Fund is advised to dispose of their holding.

In addition, during the holding period, the Fund is allowed to subscribe to:

- (a) any issue of new securities by a company whose Shariah non-compliant securities are held by the Fund, for example rights issues, bonus issues, special issues and warrants (excluding securities whose nature is Shariah non-compliant, e.g. loan stocks); and
- (b) Shariah-compliant securities of other companies offered by the company whose Shariah non-compliant securities are held by the Fund,

on condition that they expedite the disposal of the Shariah non-compliant securities.

Where the Fund invests in securities (save for money market instruments, deposit and equities or equities related i.e. warrants, rights issues etc.) earlier classified as Shariah-compliant but considered to have become non-compliant (by the Shariah adviser appointed by the issuer of that security) then guidance from the Shariah Adviser should be obtained.

Where the Fund invests in money market instruments or deposits earlier classified as Shariah-compliant that are subsequently determined, regarded or deemed to be Shariah non-compliant as a result of a new or previously unknown fatwa/ruling and/or upon advice

by the Shariah Adviser, the Manager would be required to sell such money market instruments or withdraw such deposits, as soon as practicable of having notice, knowledge or advice of the status of the money market instruments or deposits. Any profit received from such money market instruments or such deposits prior to the occurrence of the aforesaid event shall be retained by the Fund. Any profit received subsequent to the occurrence of the aforesaid event shall be channeled to baitulmal and/or charitable bodies, as endorsed by the Shariah Adviser.

2. Shariah non-compliant securities

If the Manager or its fund management delegate mistakenly invests in Shariah non-compliant securities, fixed income, money market instruments or deposits, the Manager or its fund management delegate needs to dispose of any Shariah non-compliant securities or mentioned instruments, within a month of becoming aware of the status of the securities or mentioned instruments. Any gain, dividend and/or return received before or after the disposal of the securities or mentioned instruments has to be channeled to baitulmal and/or charitable bodies, approved by the Shariah Adviser. The Fund has a right to retain only the investment cost, which may include brokerage fees and other related transaction costs. If the disposal of the Shariah non-compliant securities or mentioned instruments causes losses to the Fund, the Manager must bear the losses by ensuring the loss portion be restored and returned to the Fund.

Cleansing process

Under the Shariah principles, any income or distribution received by the Fund from investments in its portfolios which relates to income from Shariah non-compliant investments as set out above are considered impure income. This impure income is subject to an income purification process as determined by the Shariah Adviser, from time to time and without limitation, where the impure income will be distributed to baitulmal and/or charitable bodies approved by the Shariah Adviser.

Periodic review

The Shariah Adviser will review the Fund twice a year (for unit trust funds) or quarterly (for wholesale funds) to ensure the Fund's operating procedures and investments comply with the Shariah principles. Upon completion of each review, the Shariah Adviser will deliver its opinion on the Shariah compliancy.

The Fund's compliance to the Shariah principles

The Shariah Adviser is of the view that, given the prevailing circumstances, the Fund and its respective investments as disclosed and presented are acceptable and within the principles of Shariah, subject to proper execution of the legal documents and other transactions related to the Fund.

The investment portfolio of the Fund comprises instruments which have been classified as Shariah-compliant by the SAC of the SC or the SAC of BNM. For instruments that are not classified as Shariah-compliant by the SAC of the SC or the SAC of BNM, the status of the instruments has been determined in accordance with the ruling issued by the Shariah Adviser.

7.4 Benchmark

The Fund's benchmark, the FTSE Bursa Malaysia EMAS Shariah Index, is not a target for the Fund's performance to beat, nor used as a constraint on how the Fund's portfolio is to be constructed, nor a guaranteed return or forecast of future return and is only used as a reference for performance comparison purpose.

8. Fees and Charges

The Manager has the discretion to amend the amount, rate and/or terms and conditions for the above-mentioned fees and charges from time to time (except the Trustee Fee, which must be consented by the Trustee) subject to the requirements stipulated in the Deed of the Fund. Where necessary, the amendments will be notified to the Trustee. Amendments to the fees and charges, if any, will be communicated to the Unit Holders.

Other Expenses

The Deed also provides for payment of other expenses. The major expenses recoverable directly from the Fund include:

- expenses incurred in the sale, purchase, insurance/Takaful, custody and any other dealings of investments including commissions/fees paid to brokers and costs involved with external specialists approved by the Trustee in investigating and evaluating any proposed investment;

¹ Your financial adviser/distributor is required to disclose to you the amount of trailer fee it receives from the Manager.

Expenses not authorised by the Deed must be paid by the Manager or the Trustee out of their own funds if incurred for their own benefit.

The Manager and the Trustee are required to ensure that any fees or charges payable are reasonable and in accordance with the Deed which stipulates the maximum rate in percentage terms that can be charged. Should the Fund invest into units of other CIS that are managed by the Manager or a related corporation, the Manager will ensure that all initial charges are waived and there is no double charging of management fees. All expenses of the Fund will generally be apportioned to each Class currently available for sale based on the MCR except for Management Fee and those that are related to the specific Class only, such as, the cost of Unit Holders meeting held in relation to the respective Class. If in doubt, investors should consult their professional advisers for better understanding.

Investors should note that the Manager may alter the fees and charges (other than the Trustee Fee) within such limits, and subject to such provisions, as set out in the Deed and the SC Guidelines.

Investors should note that the Manager may, for any reason at any time, where applicable, waive or reduce the amount of any fees (except the Trustee Fee) or other charges payable by the investor in respect of the Fund, either generally (for all investors) or specifically (for any particular investor, a group of investors or investments made via any digital platform) and for any period or periods of time at its absolute discretion.

In accordance with the Standards of Qualifying CIS, the Manager shall not make payments out of the assets of the Fund which is a Qualifying CIS for the purpose of marketing the Qualifying CIS.

9. Risks

9.1 General risks

Investors should consider and satisfy themselves as to the risks of investing in the Fund. It should be noted that investments in the Fund may not be appropriate for all investors and should be viewed by a prospective investor as a medium to long term investment. Investors should not expect to obtain short term gains from such investment.

Prospective investors should be aware that the value of Units and the returns derived from them can fluctuate and can go down as well as up. There can be no assurance that the Fund will achieve its investment objective or that investors will get back their original investment. Past performance should not be construed as an indication of the future results of an investment in the Fund.

Some of the general risks which apply to investing in unit trusts are:-

- **Returns not guaranteed**

The investment of the Fund is subject to market fluctuations and its inherent risk. There is **NO GUARANTEE** on the investment returns, nor any assurance that the Fund's investment objective will be achieved.

- **General market environment risk**

Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which will result in a decline in the Fund's NAV.

- **Liquidity risk**

Liquidity risk refers to the ease of liquidating an asset depending on the asset's volume traded in the market. If the Fund holds assets that are illiquid, or are difficult to dispose of, the value of the Fund will be negatively affected when it has to sell such assets at unfavourable prices.

- **Inflation risk**

This is the risk that investors' investment in the Fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce investors' purchasing power even though the value of the investment in monetary terms has increased.

- **Manager's risk**

This risk refers to the day-to-day management of the Fund by the Manager which will impact the performance of the Fund. For example, investment decisions undertaken by the Manager, as a result of an incorrect view of the market or any non-compliance with internal policies, investment mandate, the deed, relevant law or guidelines due to factors such as human error or weaknesses in operational process and systems, may adversely affect the performance of the Fund.

- **Reclassification of Shariah non-compliant status risk**

This refers to the risk that the currently held Shariah-compliant securities in the Fund may be reclassified as Shariah non-compliant in the periodic review of the securities by the SAC of the SC, the Shariah Adviser or the Shariah advisers of the relevant Islamic indices or Shariah-compliant securities. If this occurs, the Manager will take the necessary steps to dispose such securities. There may be opportunity loss to the Fund due to the Fund not being allowed to retain the excess capital gains derived from the disposal of the Shariah non-compliant securities.

In the event that the Shariah non-compliant securities are disposed at a price lower than the investment cost, it may adversely affect the value of the Fund. Thus, it may cause the NAV of the Fund or prices of units to fall.

Please refer to paragraph 7.3 for more information on Shariah Investment Guidelines.

9.2 Specific risks

9.2.1 Stock specific risk

Prices of a particular stock may fluctuate in response to the circumstances affecting individual companies such as adverse financial performance, news of a possible merger or loss of key personnel of a company. Any adverse price movements of such stock will adversely affect the Fund's NAV.

9.2.2 Sector risk

Stock prices of companies within a sector move together due to sector-specific causal factors, examples of which include business cycle dynamics and demographic or consumer demand changes. As the Fund will focus its investments within specific sectors that are related to the prevailing investment themes, its returns are strongly dependent on the impact of such sector-specific causal factors. These causal factors that drive sector-specific returns lead to sector-specific risks.

9.2.3 Risks associated with investment in Shariah-compliant warrants

There are inherent risks associated with investment in Shariah-compliant warrants. The value of Shariah-compliant warrants is influenced by the current market price of the underlying security, the exercise price of the contract, the time to expiration of the contract and the estimate of the future volatility of the underlying security's price over the life of the contract. Generally, the erosion in the value of Shariah-compliant warrants accelerates as it approaches its expiry date. Like securities, the Manager will undertake fundamental research and analysis on these instruments with an aim to mitigate its risks.

9.2.4 Currency risk

Classes may be denominated in currencies other than the base currency (MYR) and changes in the exchange rate between the base currency and the denominated currency of the Class may lead to a depreciation of the value of the investor's holding as expressed in the currency denomination of the Class.

As such, investors should realise that currency risk is considered as one of the major risks due to the volatile nature of the foreign exchange market. Currently, the Manager does not seek to mitigate the currency risk. Hence, investors of the Fund should be prepared to assume the currency risk.

9.2.5 Concentration Risk

The Fund may invest in securities of a single or a limited number of countries. Where the Fund invests in a single or a few, select countries, it will be exposed to fluctuations in the economies of these countries, and the market, currency, political, social environment and other risks related specifically to these countries, which may affect the market price of its investments in these countries. Exposure to a single or limited number of countries also increases the potential volatility of the Fund due to the increased concentration risk as they are less diversified compared to exposure to specific regional or global markets.

9.2.6 Financial Derivatives Instruments ("FDIs")

(i) Use and types of FDIs

Subject to the Standards of Qualifying CIS and SC Guidelines, the Fund may invest in derivatives for purposes of hedging and it may be subject to risks associated with such investments. Investments in derivatives may require the deposit of initial margin and additional deposit of margin on short notice if the market moves against the investment positions. If no provision is made for the required margin within the prescribed time, the Fund's investments may be liquidated at a loss. Therefore, it is essential that such investments in derivatives be monitored closely. The Manager has the necessary controls for investment in derivatives and has in place systems to monitor any derivative positions for the Fund. The Manager will ensure that the risk management and compliance procedures and controls adopted are adequate and have been or

will be implemented and that it has the necessary expertise to control and manage the risks relating to the use of financial derivatives.

Subject to Shariah Adviser's approval, the FDIs which may be used by the Fund include, but are not limited to, options on securities, stock index options, forward currency contracts, currency swap agreements, currency options or options or profit rate swaps, financial or index futures, OTC options, swaps, futures or options on any kind of financial instrument.

(ii) Exposure to FDIs

The global exposure of the Fund to FDIs or embedded FDIs will not exceed 20% of the NAV of the Fund at any time. The global exposure relating to derivative instruments is calculated using the commitment approach and in accordance with methods described in the Standards of Qualifying CIS.

(iii) Risk Management and Compliance Procedures

The Manager believes that risk management and performance analysis are integral parts of the investment process. As such, the Manager has a dedicated risk and performance management team which independently monitors the portfolio's risk. The risks are quantified and examined in detail through various tools employed by the Manager's risk and performance team and closely monitored as certain changes in the market environment may affect their value and importance. Portfolio risks are monitored to ensure that the relationship between risk and return is in line with the Fund's investment objective and strategy.

Additionally, all open positions/exposure in derivatives will be marked to market at the frequency at least equal to the frequency of the NAV calculation of the Fund. The Manager also have a comprehensive and structured internal compliance monitoring program with a dedicated team of compliance personnel covering, amongst other things, the monitoring of the portfolios for compliance with investment guidelines. The investment guidelines are reviewed regularly by the compliance team and the Manager's compliance monitoring program includes automated pre-trade compliance system as well as manual checking system to monitor compliance where certain investment guidelines cannot be electronically monitored.

The Manager will ensure that the risk management and compliance procedures are adequate and have been or will be implemented and that it has the necessary expertise to manage the risk relating to the use of financial derivatives.

Risk management, with an emphasis on portfolio diversification, will form an integral part of the investment process. The Fund is constructed and managed within pre-determined guidelines including risk returns trade-off, which will be monitored and reviewed regularly by the investment management team. The risk management strategies and techniques employed include diversification of the Fund's asset allocation in terms of its exposure to various sectors, industries and companies.

In times of adversity in equity markets and as part of its risk management strategy, the Manager may from time to time reduce its proportion of equities and increase its asset allocation to liquid assets such as money market instruments and/or Deposits to safeguard the investment portfolio of the Fund.

The Manager will manage risks associated with debt securities portfolio according to three (3) parameters: tenure, credit ratings and sector. The duration of the debt securities portfolio is also monitored and modified

according to the Manager's interest rate outlook (i.e. the sensitivity of the portfolio to interest rate changes). Even though the Fund does not invest in interest bearing instruments, the interest rate referred herein is to the general interest rate of the country which may affect the value of the investments of the Fund.

When deemed necessary, the Manager may also utilize derivative instruments, subject to the SC Guidelines and Standards of Qualifying CIS, for purpose of hedging.

(iv) Risks Associated with the Use of FDIs

While the prudent use of FDIs can be beneficial, FDIs also involve risks different from, and in certain cases greater than, the risks presented by more traditional investments. The following is a general discussion of important risk factors and issues concerning the use of FDIs:

(A) Market risk

This is a general risk that applies to all investments meaning that the value of a particular derivative may change in a way which may be detrimental to the Fund's interests.

(B) Liquidity risk

Derivative products are highly specialised instruments that require investment techniques and risk analysis different from those associated with equity and fixed income securities. The use of derivative techniques requires an understanding not only of the underlying assets of the derivative but also of the derivative itself, without the benefit of observing the performance of the derivative under all possible market conditions. In particular, the use and complexity of derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the Fund and the ability to forecast the relative price, interest rate or currency rate movements correctly.

(C) Counterparty risk

The Fund may enter into FDIs in the OTC markets, which will expose the Fund to the credit of its counterparty and its ability to satisfy the terms of such contracts. In the event of a bankruptcy or insolvency of a counterparty, the Fund could experience delays in liquidating the position and significant losses, including declines in the value of its investment during the period in which the Fund seeks to enforce its rights, inability to realise any gains on its investment during such period and fees and expenses incurred in enforcing its rights. There is also a possibility that the above agreements and derivative techniques are terminated due, for instance, to bankruptcy, supervening illegality or change in the tax or accounting laws relative to those at the time the agreement was originated.

(D) Other risks

Other risks in using FDIs include the risk of differing valuations of FDIs arising out of different permitted valuation methods and the inability of FDIs to correlate perfectly with underlying securities, rates and indices. Many FDIs, in particular OTC derivatives, are complex and often valued subjectively and the valuation can only be provided by a limited number of market professionals which often are acting as

counterparties to the transaction to be valued. Inaccurate valuations can result in increased cash payment requirements to counterparties or a loss of value to the Fund.

Derivatives do not always perfectly or even highly correlate or track the value of the securities, rates or indices they are designed to track. Consequently, the Fund's use of derivative techniques may not always be an effective means of, and sometimes could be counterproductive to, following the Fund's investment objective.

The above should not be considered to be an exhaustive list of the risks which potential investors should consider before investing in the Fund. Potential investors should be aware that an investment in the Fund may be exposed to other risks of an exceptional nature from time to time.

10. Subscription of Units

10.1 Subscription procedure

Applications for Units of the Fund may be made through any agent or distributor appointed by the Manager. Investors may subscribe for Units in cash. Investors should check with their distributor on the availability of subscriptions using Supplementary Retirement Scheme ("SRS") moneys.

Investors wishing to use their SRS moneys to purchase Units shall indicate so on the application form. Further, the application form contains the investor's instructions to the SRS operator bank to withdraw from the investor's SRS account the purchase moneys in respect of the Units applied for.

Currently, the Manager accepts payments of subscription moneys in SGD. Units will only be issued when subscription moneys have been received by the Trustee on a cleared funds basis.

For compliance with anti-money laundering laws and guidelines, the Manager, the Trustee or the Manager's approved distributors reserve the right to request such information and/or documents as is necessary to verify the identity of an applicant and the source of funds.

Any resultant bank charges would be borne by the relevant investor.

10.2 Minimum Initial Investment Amount and Minimum Additional Investment Amount

Minimum Initial Investment Amount	SGD1,000* for the Class SGD
Minimum Additional Investment Amount	SGD100* for the Class SGD

* or such other amount as the Manager may decide from time to time

The Manager may at their discretion waive the Minimum Initial Investment Amount and Minimum Additional Investment Amount.

10.3 Dealing deadline and pricing basis

As Units are issued on a forward pricing basis, the issue price of Units shall not be ascertainable at the time of application. In buying Units, applicants pay a fixed amount of money e.g., SGD1,000 for the Class SGD which will buy the applicant the number of Units obtained from dividing that sum by the issue price (net of the Application Fee) when it has been ascertained later.

The dealing cut-off time is the Dealing Deadline on a Dealing Day. Units in respect of applications received and accepted by the appointed distribution agents by the Dealing Deadline will be dealt at the relevant NAV determined on that day. Applications received after the Dealing Deadline on

a Dealing Day or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

The distributors may impose their own more restrictive dealing deadlines on investors earlier than the Dealing Deadline. Investors should confirm the applicable dealing deadline with the relevant distributor.

The issue price per Unit of the Class SGD on each Dealing Day shall be an amount equal to the NAV per Unit of the Class SGD and shall be calculated by valuing the assets of the Fund in accordance with the valuation provisions as provided in paragraph 20.4 of this Singapore Prospectus. The resultant sum, after applying the multi class ratio (“**MCR**”) to determine the NAV attributable to the relevant Class, shall be divided by the number of Units of the relevant Class in issue or deemed to be in issue immediately prior to the relevant Dealing Day, and the resultant amount (truncated at four decimal places or such other number of decimal places or by such other truncation or rounding method as the Manager may determine from time to time) shall be the NAV per Unit of the relevant Class on such Dealing Day.

The MCR is the apportionment of the NAV of each Class over the Fund’s NAV based on the size of each Class. The MCR is calculated by dividing the NAV of the respective Class by the NAV of the Fund before income and expenses for the day. The apportionment is expressed as a ratio and calculated as a percentage.

10.4 Numerical example of how Units are allotted

Class SGD

The number of Units (rounded down to 2 decimal places) you receive with an investment of SGD1,000, based on a notional issue price of SGD1.0000, will be calculated as follows:

e.g	SGD1,000	-	SGD50	=	SGD950	÷	SGD1.0000	=	950.00 Units
	Gross Investment Sum		Application Fee (5%)		Net Investment Sum		Issue price		No. of Units you will receive

This is for illustration purposes only and is not an indication of the future or likely performance of the Fund or Class. The value of Units and the income from them may go down as well as up.

10.5 Confirmation of purchase

A confirmation note detailing your investment amount and the number of Units in the Class SGD allocated to you will be sent to you within seven (7) Business Days or ten (10) calendar days, whichever is shorter, from the date of issue of Units for cash applications and within fourteen (14) Business Days for SRS applications (once available).

10.6 Cancellation of initial subscription by investors

Investors shall, subject to the cancellation terms and conditions attached to the application form, have the right to cancel their purchase of Units in the Fund within six (6) Business Days from the date of subscription or purchase of Units (or such longer period as may be determined by the Manager or such other period as may be prescribed by the MAS) (“**Cancellation Period**”) by providing notice in writing to the Manager or its authorised agent or distributor. Full details of the provisions relating to the cancellation of Units may be found in the terms and conditions for cancellation of Units attached to the application form for the subscription of Units in the Fund.

10.7 Return of Contributions

Notwithstanding receipt of the application forms, the Manager shall retain the absolute discretion to accept or reject any application for Units in accordance with the provisions of the Deed. In the event that an application for Units is rejected by the Manager for whatever reason, the subscription moneys shall be refunded (without interest) to the investor within a reasonable time in such manner as the Manager or their relevant authorised agent or distributor shall determine.

11. Regular Savings Plan (“RSP”)

Minimum Initial Investment Amount	SGD1,000* for the Class SGD
Minimum Additional Investment Amount	SGD100* for the Class SGD

*or such other amount as the Manager may decide from time to time

For RSP using cash, Unit Holders must complete an Interbank GIRO Form authorising the payment for the RSP (or such other form or method as the Manager may determine from time to time) and submit it together with the application form.

Unit Holders must complete a Direct Debit Authorisation (“DDA”) Form authorising the payment for the RSP and submit the DDA Form together with the application form.

For RSP using SRS moneys (once available), Unit Holders must submit the application form.

Payment for the RSP will be debited from the Unit Holders' bank account or SRS Account (once available, as the case may be) on the 4th calendar day (or next Business Day if that day is not a Business Day) of each month and Units will be allotted within three (3) Business Days after payment has been debited.

In the event that the debit is unsuccessful, no investment will be made for that month unless otherwise advised by the Unit Holder. After 2 consecutive unsuccessful debits, the RSP will be terminated and no notification of such termination will be sent to the relevant Unit Holder.

The Manager shall not assume any liability for any losses arising from the Unit Holders' payment for the RSP via direct debit transactions.

A Unit Holder may terminate his participation without penalty upon giving thirty (30) days' written notice to the Manager.

The Manager reserves the right to terminate or suspend the RSP at any time in their absolute discretion by giving prior notice to the affected Unit Holders. The Manager shall not assume any liability for any losses attributable pursuant to the termination or suspension of the RSP.

12. Redemption of Units

12.1 Redemption procedure

A Unit Holder (or in the case of Joint Holders, any of the Joint Holders) may at any time during the life of the Fund make a request to the relevant distributor in writing (“**Redemption Request**”) duly signed by him or otherwise for the redemption of all Units held by him or them of the Fund. The Redemption Request must specify the number of the Units of the Fund to be redeemed.

Any resultant bank charges would be borne by the relevant investor.

12.2 Minimum holding and minimum redemption amount

Minimum Partial Redemption	100* Units for the Class SGD
Minimum Holding	1,000* Units for the Class SGD

* or such other number of Units as the Manager may decide from time to time

12.3 Dealing deadline and pricing basis

Unit Holders may redeem their Units of the Fund on any Dealing Day. Units in respect of Redemption Requests received and accepted by the appointed distribution agents by the Dealing Deadline on a Dealing Day will be dealt at the NAV per Unit of the relevant Class determined on that day. Redemption Requests received after the Dealing Deadline on a Dealing Day or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

As Units are redeemed on a forward pricing basis, the redemption price of Units shall not be ascertainable at the time of submitting a Redemption Request. The redemption price per Unit of the Class SGD on each Dealing Day shall be an amount equal to the NAV per Unit of the Class SGD and shall be calculated by valuing the assets of the Fund in accordance with the valuation provisions as provided in paragraph 20.4 of this Singapore Prospectus and applying the MCR to determine the NAV per Unit of the relevant Class, such amount to be truncated at four decimal places (or such other number of decimal places or by such other truncation or rounding method as the Manager may determine from time to time). The amount due to a Unit Holder on the redemption of Units shall be the redemption price per Unit multiplied by the number of Units redeemed.

The distributors may impose their own more restrictive dealing deadlines on investors earlier than the Dealing Deadline. Investors should confirm the applicable dealing deadline with the relevant distributor.

12.4 Numerical example of how the amount paid to an investor is calculated based on the sale of 1,000 Units and based on a notional redemption price of SGD1.1000

Class SGD

e.g.	1,000 Units	x	SGD1.1000	=	SGD1,100
	Your redemption request		redemption price		Your redemption proceeds

This is for illustration purposes only and is not an indication of the future or likely performance of the Fund or any Class. The actual redemption price will fluctuate according to the NAV of the Fund or Class.

12.5 Payment of redemption proceeds

- (a) Redemption proceeds shall normally be directly credited or be paid by cheque within seven (7) Business Days of receipt and acceptance of the Redemption Request by the Manager or ten (10) calendar days, whichever is lesser, unless the redemption of Units has been suspended in accordance with paragraph 15 below.
- (b) In the case of a Unit Holder who has purchased Units with moneys from his SRS Account (once SRS applications are available), any moneys payable to such Unit Holder in respect of such Units shall be paid by transferring the moneys to the relevant bank for credit of the Unit Holder's SRS Account or otherwise in accordance with the provisions of any applicable law, regulations or guidelines. In the event that the SRS Account has been closed, the moneys shall be paid to the investor in accordance with paragraph 12.5(a) or otherwise in accordance with any applicable law, regulations or guidelines.

- (c) The redemption proceeds will be paid in the currency of the Class of Units being redeemed.
- (d) In the case of a Unit Holder who has purchased Units with cash, any moneys payable to such Unit Holder in respect of such Units will be paid by cheque sent through the post to his registered address or by telegraphic transfer to a nominated bank account.
- (e) If an investor is resident outside Singapore, the Manager shall be entitled to deduct from the total amount (which would otherwise be payable on the purchase from the investor) an amount equal to the excess of the expenses actually incurred over the amount of expenses which would have been incurred if the investor had been resident in Singapore.

12.6 Notwithstanding a Unit Holder has not requested the Manager to fully redeem or repurchase all Units held by that Unit Holder, the Manager shall have the right to fully redeem or repurchase all Units held by that Unit Holder in the event any withdrawal, switching, transfer or other transaction request if effected would result in that Unit Holder holding less than the Minimum Holding or amount or value as the Manager shall determine from time to time and disclosed in this Singapore Prospectus.

13. Switching of Units

Units of the Fund may be switched into units of any other funds managed by the Manager, which is approved for investment in Singapore (whether such fund is authorised or recognised). Switching may be carried out only between Units denominated in the same currency.

Switching will be conducted based on the value of your investments in the Class. The minimum amount for a switch must be equivalent to the minimum withdrawal amount applicable to the Class or such other amount as the Manager may decide from time to time. Please note that the minimum amount for a switch must also meet the minimum initial investment amount or the minimum additional investment amount (as the case may be) applicable to the fund (or its classes) to be switched into. Further, a Unit Holder must at all times maintain at least the Minimum Holding required for the Class to stay invested in the Class. The Manager may, at its absolute discretion, allow or reject any switching into or out of the Class specifically (in relation to a particular investor, a group of investors or investments made via any digital platform) or all investors generally.

To switch, simply complete a switch request form and send to your appointed agent or distributor.

Processing a switch

A switch is processed as a withdrawal from one fund or class and an investment into another fund or class within Principal Malaysia's funds. If we receive a complete switch request by the Dealing Deadline on a Dealing Day, the Manager will process the switch-out using the NAV per unit for that Dealing Day. If we receive the request after the Dealing Deadline, the switch-out will be processed using the NAV per unit for the next Dealing Day.

However, you should note that the switch-in may be processed at a later Dealing Day, generally within one (1) to four (4) Business Days.

Note: Switching from a Shariah Compliant fund to any other non-Shariah Compliant fund(s) is discouraged for Muslim members.

14. Obtaining Prices of Units

14.1 The indicative NAV of the Class SGD of the Fund will be displayed daily on the Singapore Representative's website at www.principal.com.sg. The actual prices quoted will generally be

published one (1) Business Day after the relevant Dealing Day on the Singapore Representative's website.

- 14.2** Save for publications by the Manager, the Manager does not accept any responsibility for any errors on the part of the publisher concerned in the prices published in the newspapers (if any) or such other publication or for any non-publication or late publication of prices by such publisher and shall incur no liability in respect of any action taken or loss suffered by investors in reliance upon such publication.

15. Suspension of Dealing

- 15.1** The Manager and the Trustee may temporarily suspend the dealing in units of the Class or Fund, subject to the requirements in the SC Guidelines and/or the Deed and/or the Standards of Qualifying CIS. The Manager may, subject to the SC Guidelines and/or the Deed and/or the Standards of Qualifying CIS, request the Trustee to suspend the sale (if applicable) and repurchase of Units under exceptional circumstances after having determined that a suspension is in the best interest of the Unit Holders, such as in the following circumstances:

- (i) the closure of a securities exchange or trading restrictions on a securities exchange; or
- (ii) it is not in the best interest of the Unit Holders to liquidate a material portion of the assets of the Fund; or
- (iii) an emergency or other state of affairs; or
- (iv) the declaration of a moratorium in a country where that Fund has assets; or
- (v) for the purpose of conversion of any currency, a closure or restrictions on trading in the relevant foreign exchange market or dealings in a material portion of the assets of the Fund are restricted or suspended; or
- (vi) the realisation of assets not being able to be effected at prices which would be realised if assets were realised in an orderly fashion over a reasonable period in a stable market or the market value or fair value of a material portion of the assets of the Fund cannot be determined; or
- (vii) the SC has instructed either the Manager or the Trustee to suspend dealings of Units in the Fund in the interest of protecting the rights of Unit Holders.

- 15.2** If at any time the appointment of the Trustee is terminated and a new trustee has not been appointed yet, the sale (if applicable) and repurchase of the Units shall be suspended until a new trustee has been appointed. Similarly, if at any time the appointment of the Manager is terminated and a new manager has not been appointed yet, the sale (if applicable) and repurchase of the Units shall be suspended until a new manager has been appointed.

- 15.3** No suspension may exceed twenty-one (21) days unless a longer period is permitted under the SC Requirements or Standards of Qualifying CIS. During the suspension period, there will be no NAV per Unit available and hence, the Manager will not accept any transactions for the applications, withdrawals, switching and/or transfer of Units. All outstanding redemption and repurchases and any withdrawal notice or application for Units received while the withdrawal and issue of Units is suspended is taken to be received on the first Business Day after the suspension ceases. If the Manager has earlier accepted a Unit Holder's request for withdrawals and switches of Units, there may be a delay in processing those transactions and the Unit Holder will be notified accordingly. Unit Holders will also be notified once the suspension is lifted.

16. Performance of the Fund and Benchmark

16.1 Past performance

Class	Total Return	Average annual compounded return			
	1 Year	3 Years	5 Years	10 Years	Since inception*
Class SGD (NAV-NAV)	-7.72%	-2.61%	-2.67%	N/A	-3.12%

* Inception Date: 8 April 2016

Source: Lipper. Performance numbers are computed as of 31 May 2022.

[#] The performance of the Class SGD is computed on a single pricing basis (NAV-NAV) (taking into account the Application Fee of up to 5% and Withdrawal Fee / Redemption Fee (if any)) and with dividends and distributions (if any) reinvested. Note that a lower Application Fee may be charged when subscribing for Units.

The updated performance of the Fund can be found at www.principal.com.sg.

Past performance of the Fund is not necessarily indicative of the future performance of the Fund.

16.2 Expense ratio

The expense ratio of the Fund as at 30 November 2021 is 1.57%.

The expense ratio of the Fund is calculated in accordance with the Investment Management Association of Singapore's guidelines on the disclosure of expense ratios (the "**IMAS Guidelines**") and based on the Fund's latest audited accounts. The following expenses, as set out in the IMAS Guidelines (as may be updated from time to time), are excluded from the calculation of the expense ratio:

- (a) brokerage and other transaction costs associated with the purchase and sales of investments (such as registrar charges and remittance fees);
- (b) interest expense;
- (c) foreign exchange gains and losses of the Fund (whether realised or unrealised);
- (d) front-end or back-end loads and other costs arising on the purchase or sale of a foreign unit trust or mutual fund;
- (e) tax deducted at source or arising on income received (including withholding tax); and
- (f) dividends and other distributions paid to Unit Holders.

16.3 Turnover ratio

The turnover ratio of the Fund as at 30 November 2021 is 0.81%.

The turnover ratio is calculated based on the lesser of purchases or sales expressed as a percentage of average net asset value (NAV), i.e. average daily NAV over, as far as possible, the same period used for calculating the expense ratio.

In Malaysia, the portfolio turnover ratio ("**PTR**") of the Fund as at 30 November 2021 is 0.91%.

The PTR is calculated based on the following formula:

$$\frac{(\text{Total acquisition for the financial year} + \text{total disposal for the financial year}) \div 2}{\text{Average NAV of the Fund for the financial year calculated on a daily basis}}$$

17. Rebates and Soft Commissions

The Manager as well as the Trustee will not retain any form of rebate or soft commission from, or otherwise share in any commission with, any broker in consideration for directing dealings in the investments of the Fund unless the soft commission received is retained in the form of goods and services such as research and advisory services that assist in the decision making process relating to the Fund's investments. All dealings with brokers are executed on most favourable terms available for the Fund. Any rebates will be directed to the account of the Fund.

18. Potential Conflicts of Interests and Related Party Transactions

The Manager (including its directors) will at all times act in the best interests of the Unit Holders of the Fund and will not conduct itself in any manner that will result in a conflict of interest or potential conflict of interest. In the unlikely event that any conflict of interest arises, such conflict shall be resolved such that the Fund is not disadvantaged. In the unlikely event that Principal Malaysia faces conflicts in respect of its duties as the Manager to the Fund and to other Principal Malaysia's funds that it manages, Principal Malaysia is obliged to act in the best interests of its investors and will seek to resolve any conflicts fairly and in accordance with the Deed.

The Manager shall not act as principal in the sale and purchase of any securities or investments to and from the Fund. The Manager shall not make any investment for the Fund in any securities, properties or assets in which the Manager or its officer has financial interest in or from which the Manager or its officer derives a benefit, unless with the prior approval of the Trustee. The Manager (including its directors) who holds substantial shareholdings or directorships in public companies, shall refrain from any decision making relating to that particular investment of the Fund.

As at LPD, none of the Manager's directors and substantial shareholders has either direct or indirect interest in other Malaysian corporations that carry on a similar business with Principal Malaysia, except for the following:

Director / Substantial Shareholder	Position	Shareholding (Direct / Indirect)	Name of corporation
CIMB Group Sdn Bhd	Shareholder	Direct	Principal Islamic Asset Management Sdn Bhd
Principal Financial Services, Inc.	Shareholder [#]	Direct	Principal Islamic Asset Management Sdn Bhd

[#] *Principal Financial Services, Inc. has indirect interest in the Manager.*

The substantial shareholders of the Manager may have direct or indirect interest in other non-Malaysian corporations carrying on similar business as the Manager.

The Fund may maintain Shariah-compliant Deposits with CIMB Islamic Bank Berhad and CIMB Investment Bank Berhad. Principal Malaysia may enter into transactions with other companies within the CIMB Group and the PFG provided that the transactions are effected at market prices and are conducted at arm's lengths.

The Manager generally discourages cross trades and prohibits any transactions between client(s) accounts and fund accounts. Any cross trade activity will require prior approval with the relevant supporting justification(s) to ensure the trades are executed in the best interest of both funds and such transactions were executed at arm's length. Cross trades will be reported to the Investment Committee to ensure compliance to the relevant regulatory requirements.

As the Trustee for the Fund, there may be related party transactions involving or in connection with the Fund in the following events:

- (1) where the Fund invests in instrument(s) offered by the related party of the Trustee (e.g. placement of moneys, structured products, etc.);
- (2) where the Fund is being distributed by the related party of the Trustee;
- (3) where the assets of the Fund are being custodised by the related party of the Trustee both as sub-custodian and/or global custodian of the Fund (i.e. Trustee's delegate); and
- (4) where the Fund obtains financing as permitted under the SC Guidelines, from the related party of the Trustee.

The Trustee has in place policies and procedures to deal with any conflict of interest situation. The Trustee will not make improper use of its position as the owner of the Fund's assets to gain, directly or indirectly, any advantage or cause detriment to the interests of Unit Holders. Any related party transaction is to be made on terms which are best available to the Fund and which are not less favourable to the Fund than an arms-length transaction between independent parties.

Subject to the above and any local regulations, the Trustee and/or its related group of companies may deal with each other, the Fund or any Unit Holder or enter into any contract or transaction with each other, the Fund or any Unit Holder or retain for its own benefit any profits or benefits derived from any such contract or transaction or act in the same or similar capacity in relation to any other scheme.

Subject to any legal requirement, the Manager or any related corporation of the Manager, or any officers or directors of any of them, may invest in the Fund. The directors of Principal Malaysia will receive no payments from the Fund other than distributions that they may receive as a result of investment in the Fund. No fees other than the ones set out in this Prospectus have been paid to any promoter of the Fund, or the Trustee (either to become a trustee or for other services in connection with the Fund), or Principal Malaysia for any purpose.

19. Reports

The financial year-end of the Fund is 30 November each year.

The Manager shall, upon request from a Unit Holder, send a copy of the annual report of the Manager within two (2) months after the request is received and upon payment of a reasonable sum as may be determined by the Manager. The Manager shall send by post, to each Unit Holder without charge, a copy of the annual report and interim report of the Fund within two (2) months of the end of the respective financial period. Upon request from Unit Holders, additional copies of the annual report and interim report of the Fund shall be sent to Unit Holders within two (2) months after the request is received and upon payment of such sum as shall be determined by the Manager.

20. Other Material Information

20.1 Distributions

Depending on the distribution policy of the respective Class, distribution (if any) will be made at the end of each distribution period to the Class(es) according to its distribution policy. Each Unit of the Class will receive the same distribution for a distribution period regardless of when those Units were purchased. The distribution amount a Unit Holder will receive is calculated by

multiplying the total number of Units held by such Unit Holder in the Class with the distribution amount in cent per Unit. On the distribution date, the NAV per Unit will adjust accordingly. Currently, Class SGD is not expected to pay any distribution. Distributions, if any, will be incidental and will vary from period to period depending on market conditions and the performance of the Fund.

All distributions (if any) will be automatically reinvested into additional Units in the Class at the NAV per Unit of the Class on the distribution date (the number of Units is rounded down to two (2) decimal places), unless written instructions to the contrary are communicated by the Unit Holder to the Manager, in which the Unit Holder should have first furnished the Manager with details of his bank account in the currency denomination of that Class, that all distribution payment shall be paid into (the cost and expense will be borne by the Unit Holder). No Application Fee is payable for the reinvestment.

If Units are issued as a result of the reinvestment of a distribution or other circumstance after the Unit Holder has withdrawn his investment from the Class, those additional Units will then be withdrawn and the proceeds will be paid to the Unit Holder.

Investor should note that distribution payments, if any, will be made in the respective currency for that Class(es). As such, the distribution amount may be different for each Class as a result of exchange rate movement between the base currency of the Fund and the denominated currency of the Class(es). The distribution will be paid into the Unit Holders' bank account (which shall be in the respective currency of the Class(es)) in the Manager's records (the cost and expense will be borne by the Unit Holder). Investors who subscribe for Units through a distributor should check with their distributor regarding such distribution payments, if any.

Please note that for Class(es) that provide distribution, the Manager has the right to make provisions for reserves in respect of distribution of the Class. If the income available is too small or insignificant, any distribution may not be of benefit to the Unit Holder as the total cost to be incurred in any such distribution may be higher than the amount for distribution. The Manager has the discretion to decide on the amount to be distributed to the Unit Holders. The Manager also has the discretion to make income distribution on an ad-hoc basis, taking into consideration the level of its realised income and/or realised gain, as well as the performance of the Fund.

20.2 Permitted Investments

Subject to the Deed, the investment policy for the Fund and the requirements of the SC and any other regulatory body, the Manager has the absolute discretion as to how the assets of the Fund are to be invested. Under the Deed, provided always that there are no inconsistencies with the objectives of the Fund, the Fund can invest in a wide range of securities, including but not limited to the following:

- Shariah-compliant equities and Sukuk dealt in an Organised Market and traded in or under the rules of an Eligible Market;
- Shariah-compliant warrants that carry the right in respect of a security traded in or under the rules of an Eligible Market;
- Unlisted Shariah-compliant equities including equities not listed or quoted on a stock exchange but have been approved by the relevant regulatory authority for such listing or quotation and are offered directly to the Fund by the issuer;
- Islamic Deposits and Islamic money market instruments;
- Islamic derivative instruments, including but not limited to Islamic options, Islamic futures contracts, Islamic forward contracts and Islamic swaps;
- all types of Islamic CIS which comply with the requirements of the SC Guidelines and the Standards of Qualifying CIS; and

Provided always that the permitted investments as set out above shall at all times conform with the requirements of the Shariah principles and the advice of the Shariah Adviser for the time being appointed by the Manager.

The formulation of the investment policies and strategies of the Fund is based on the objectives of the Fund after taking into consideration the regulatory requirements outlined in the SC Guidelines and the ASEAN CIS Framework (with such exemptions/variations (if any) as approved by the SC), with the approval of the Shariah Advisers where applicable.

20.3 Investment Restrictions and Limits

The Fund is subject to the SC Requirements, the Standards of Qualifying CIS and the following investment restrictions and limits:

- 1) Shariah-compliant Transferable Securities and Islamic money market instruments held by the Fund must be dealt in an Organised Market and traded in or under the rules of an Eligible Market;

 - 12) The aggregate value of the Fund's financing for the purpose of meeting repurchase request for units and for short-term bridging requirements should not exceed 10% of the Fund's NAV at the time the financing is incurred. For the purpose of this clause, the management company should ensure that:

 - (b) the financing period should not exceed one month; and
 - (c) the Fund may only obtain financing from financial institutions;

In respect of the above investment restrictions and limits, the SC Guidelines provide for an allowance of 5% from the restrictions and limits due to appreciation or depreciation of the NAV

of the Fund (whether as a result of an appreciation or depreciation in value of the Fund's investments, or as a result of repurchase of units or payment made out of the Fund).

If the Fund is not within the investment restrictions and limits, the Manager should not make any further acquisitions and must rectify as soon as practicable (maximum three (3) months from the date of the occurrence). In addition, the Manager should inform the SC, MAS and the Trustee within three (3) Business Days after it becomes aware of such occurrence, except where such occurrence is due to appreciation or depreciation of the NAV of the Fund.

Note: *Subject to investment limits in clause 9 and 10, the Fund may invest into non-Qualifying CIS authorised or recognised for public offer in a Signatory Country, provided:*

- a) the level of protection for unit holders of the non-Qualifying CIS is at least equivalent to that provided for unit holders in a Qualifying CIS. The non-Qualifying CIS should originate from countries that either:

- b) *semi-annual and annual reports are published by the non-Qualifying CIS; and*
- c) *the investment policy of the non-Qualifying CIS is such that the:*

Minimum requirement for Islamic liquid assets

Islamic liquid assets include cash, Islamic Deposits with licensed Islamic financial institutions, Islamic money market instruments and Sukuk with a remaining maturity of less than one (1) year. The Fund is required to hold a minimum of 2% of the Fund's NAV (or such other amount agreed by both the Manager and the Trustee from time to time) in Islamic liquid assets.

20.4 Valuation

The Manager will carry out the valuation of the Fund in a fair manner in accordance with the SC Requirements, the Standards of Qualifying CIS and applicable law and guidelines. The valuation bases for the investments permitted by the Fund are as below:

▪ Listed Shariah-compliant securities

The value of any Shariah-compliant permitted investments, which are quoted on an approved exchange, shall be calculated daily by reference to the last transacted price on that approved exchange. If the last transacted price does not represent the fair value of the Shariah-compliant securities, then the Shariah-compliant securities shall be valued at fair price as determined in good faith by the Manager, based on the methods or bases approved by the Trustee after appropriate technical consultation, such as the mean of bid and offer prices at the close of trading. Suspended Shariah-compliant securities will be valued at their last done price unless there is conclusive evidence to show that the value has gone below the suspended price or where the quotation of the Shariah-compliant securities has been suspended for a period exceeding fourteen (14) days or such shorter period as agreed by the Trustee, whereupon their fair value will be determined in good faith by the Manager based on the methods or bases approved by the Trustee after appropriate technical consultation.

- **Unlisted Shariah-compliant equities**

The valuation of Shariah-compliant equities not listed or quoted on a stock exchange but have been approved by the relevant regulatory authority for such listing or quotation and are offered directly to the Fund by the issuer shall be valued daily at the issue price of such Shariah-compliant equities. The value will be determined by the financial institution that issued the instrument.

- **Unlisted Sukuk**

The value of any unlisted RM-denominated Sukuk shall be calculated on a daily basis using prices quoted by a bond pricing agency (BPA) registered with the SC. Where such prices are not available or where the Manager is of the view that the price quoted by the BPA for a specific Sukuk differs from the market price by more than twenty (20) basis points, the Manager may use the market price by reference to the last available quote provided such quote was obtained within the previous thirty (30) days and the Manager records its basis for using a non-BPA price, obtained necessary internal approvals to use the non-BPA price and keeps an audit trail of all decisions and basis for adopting the market yield.

The value of any unlisted non RM-denominated Sukuk shall be valued daily by reference to the average indicative yield quoted by three (3) independent and reputable financial institutions. However, where quotations are not available, such unlisted non RM-denominated Sukuk will be valued daily at a fair price determined in good faith by the Manager, based on the methods or bases, which have been verified by the auditor of the Fund and approved by the Trustee.

- **Unlisted Islamic derivative instruments**

For unlisted Islamic derivative instruments, the Manager shall ensure that the valuation of the investment is valued daily at fair value as determined in good faith by the Manager, on methods and bases which have been verified by the auditor of the Fund and approved by the Trustee.

- **Islamic CIS**

The value of any investment in Islamic CIS which are quoted on an approved exchange shall be calculated daily in the same manner as other listed Shariah-compliant securities described above. When investing in unlisted Islamic CIS, the value shall be determined daily by reference to the last published repurchase/redemption price for that Islamic CIS.

- **Islamic money market instruments**

Valuation of Islamic money market instruments such as Islamic repurchase agreements shall be determined each day by reference to the principal value of such Shariah-compliant permitted investments and the accrued income for the relevant period.

- **Islamic Deposits**

The value of Islamic Deposits shall be determined each day by reference to the principal value of such Shariah-compliant permitted investments and the profit accrued thereon for the relevant period.

20.5 Duration and Termination of the Fund

The Fund constituted by the Deed is of indeterminate duration with no fixed maturity term and may be terminated or determined earlier under the provisions in the Deed or by law, whichever is the earlier.

The Fund or any of the Classes may be terminated or wound-up upon the occurrence of any of the following events:

- (a) the SC's authorisation is withdrawn under Section 256E of the CMSA; or
- (b) a Special Resolution is passed at a Unit Holders' meeting of all the Unit Holders of the Fund or the relevant Class to terminate or wind-up the Fund or that Class as the case may be, following the occurrence of events stipulated under Section 301(1) of the CMSA and the court has confirmed the resolution, as required under Section 301(2) of the CMSA; or
- (c) a Special Resolution is passed at a Unit Holders' meeting of all the Unit Holders of the Fund or the relevant Class to terminate or wind-up the Fund or that Class as the case may be; or
- (d) on reaching the Fund's or that Class' maturity date (if any); or
- (e) the effective date of an approved transfer scheme, as defined under the SC Guidelines, has resulted in the Fund, which is the subject of the transfer scheme, being left with no asset/property.

A Class of a Fund may be terminated if a Special Resolution is passed at a Unit Holders' meeting of that Class to terminate or wind-up that Class provided always that such termination or winding-up of that Class does not materially prejudice the interest of any other Class in that Fund.

20.6 Meeting of Unit Holders

Where the Manager or the Trustee convenes a meeting, the notice of the time and place of the meeting and terms of resolution to be proposed shall be given to the Unit Holders in the following manner:

- (a) by sending by post a notice of the proposed meeting at least fourteen (14) days before the date of the proposed meeting, to each Unit Holder of the Fund or that Class, as the case may be, at the last known address or, in the case of Joint Holders, to the Joint Holder of the Fund or that Class, as the case may be, whose name stands first in the records of the Manager at the Joint Holder's last known address; and
- (b) by publishing, at least fourteen (14) days before the date of the proposed meeting, an advertisement giving notice of the meeting in a national language newspaper published daily and circulating generally throughout Malaysia, and in one other newspaper as may be approved by the SC.

The Manager shall within twenty-one (21) days after an application is delivered to the Manager at its registered office, being an application by not less than fifty (50), or one-tenth (1/10) in number, whichever is less, of the Unit Holders of the Fund or a Class, as the case may be, to which the Deed relates, summon a meeting of the Unit Holders:

- (a) by sending a notice by post of the proposed meeting at least seven (7) days before the date of the proposed meeting to each of those Unit Holders of the Fund or that Class, as the case may be, at his/her last known address or in the case of Joint Holder, to the Joint Holder of the Fund or that Class, as the case may be, whose name stands first in the Manager's records at the Joint Holder's last known address; and
- (b) by publishing at least fourteen (14) days before the date of the proposed meeting, an advertisement giving notice of the meeting in a national language national daily newspaper and in one other newspaper as may be approved by the SC,

for the purpose of considering the most recent financial statements of the Fund or relevant Class, or for the purpose of requiring the retirement or removal of the Manager or the Trustee,

or for the purpose of giving to the Trustee such directions as the meeting thinks proper, or for the purpose of considering any other matter in relation to the Deed.

The quorum for a meeting of Unit Holders of the Fund or Class, as the case may be, is five (5) Unit Holders of the Fund (irrespective of the Class) or Class, as the case may be, present in person or by proxy, provided that for a meeting which requires a Special Resolution the quorum for that meeting shall be five (5) Unit Holders of the Fund (irrespective of the Class) or Class, as the case may be, whether present in person or by proxy, holding in aggregate at least twenty five per centum (25%) of the Units in issue of the Fund (irrespective of the Class) or Class, as the case may be, at the time of the meeting. If the Fund or Class, as the case may be, has five (5) or less Unit Holders, the quorum required shall be two (2) Unit Holders of the Fund (irrespective of the Class) or Class, as the case may be, whether present or by proxy and if the meeting requires a Special Resolution the quorum for that meeting shall be two (2) Unit Holders of the Fund (irrespective of the Class) or Class, as the case may be, whether present in person or by proxy, holding in aggregate at least twenty five per centum (25%) of the Units in issue for the Fund (irrespective of the Class) or Class, as the case may be, at the time of the meeting.

All voting shall be carried out by poll. On a poll, the votes of each Unit Holder present in person or by proxy shall be proportionate to the number or value of Units held. In the case of Joint Holders of the Fund, only the person whose name appears first in the register may vote. Units held by the Manager or its nominees shall have no voting rights in any Unit Holders' meeting of the Fund.

For full details of the rights of a registered Unit Holder of the Fund, please refer to the Deed.

20.8 Liquidity Risk Management

The Manager has established liquidity risk management policies which enable the Manager to identify, monitor, and manage the liquidity risks of the Fund. Such policies, combined with the liquidity management tools available, seek to achieve fair treatment of Unit Holders and safeguard the interests of remaining Unit Holders against the redemption behaviour of other investors and mitigate against systemic risk.

The Manager's liquidity risk management policies take into account the Fund's liquidity terms, asset class, liquidity tools and regulatory requirements.

The liquidity risk management tools available to manage liquidity risk include the following:

- (a) Liquidity metrics or indicators to monitor, assess and manage the liquidity of the Fund;
- (b) The Fund may obtain financing of up to 10% of its NAV at the time the financing is incurred for the purpose of meeting repurchase requests for Units and for short-term bridging requirements, provided that the Fund's cash financing is only on a temporary basis (not persistent), the financing period should not exceed one month, and the Fund only obtains financing from financial institutions; and
- (c) The Manager may, subject to the SC Requirements and the Standards of Qualifying CIS, request for the Trustee to suspend the sale (if applicable) and repurchase of Units of the Fund under exceptional circumstances after having determined that a suspension is in the best interest of the Unit Holders.
