KEY PRODUCT FEATURES

WHAT ARE YOU INVESTING IN?

- You are investing in an Exchange Traded Fund constituted in Singapore that aims to track the FTSE/ASEAN 40 Index by using either a Replication or Representative Sampling Strategy. Please refer to the “Investment Strategy” Section below for more details.
- The Index is maintained by FTSE and represents the 40 largest companies (ranked by market capitalisation) listed on the stock exchanges of Indonesia, Thailand, Malaysia, Singapore and the Philippines.

More information on the FTSE/ASEAN 40 Index can be found on FTSE’s website at www.ftserussell.com

Investment Strategy

In order to achieve the investment objective, the Fund may use either of the following methods:

- Replication Strategy: The Fund will invest in Index Securities in substantially the same weightings as the Index.
- Representative Sampling Strategy: The Fund will hold a representative sample of a portfolio of securities selected by the Manager. The Manager will seek to construct the portfolio of the Fund so that, in the aggregate, its capitalisation, industry and fundamental investment characteristics perform like those of the Index.

Refer to the Section “Investment Policy of the Fund” on Pages 9 and 10 of the Prospectus for full information on the investment policy of the Fund.
